To Our School

Here's to the school, best of all as a rule,
One that others dain not to pass by.
Through foul and fair weather we've stuck together,
For the glory of La Crosse High!

Though you've dearly paid for the records made
Such fame will never die.
You've played the game and won our name,
"The Invincible La Crosse High."

It's an upward climb and many a time
Dame Fortune's passed you by.
But such a test is for the best,
Oh, dear old La Crosse High.

You've played for gain, sometimes in vain,
And other times for tie.
But it's always fair and on the square—
That's enough for La Crosse High!

You've weathered the test and done your best,
We'll boost you to the sky.
We're proud of your name and state-wide fame,
Hats off to you, La Crosse High!

Dedication

To our Fathers and Mothers, the best of helpers, whose unceasing interest in our welfare has made school life possible for us, we, the students of La Crosse High School, affectionately dedicate the 1924 Booster.

BART E. McCORMICK, SUPERINTENDENT

Progress has ever characterized La Crosse schools. From an enrollment of about four hundred students in Central High School in 1910 to a total of about seventeen hundred in two high schools, Central and Logan, in 1924, is a record of which the city has reason to be proud, for it means that a very much larger number of young men and women are now enjoying the advantages of a high school education and hence that the opportunity of the high schools for service is greatly enriched.

The city-wide school building program which is nearing completion and which has been made possible through the liberal moral and financial support of our citizens bespeaks a healthy interest in education.

No city in the Middle West can boast of better school advantages. With twelve buildings, six of which have been built within the past four years, with a liberal supply of educational equipment, with free text-books, and a proficient teaching corps, the boys and girls of La Crosse have every advantage of those of any other city.

I believe that these advantages are appreciated, for in fourteen years I have observed progress on the part of students in scholarship, better citizenship, and more earnest desire to make the best of the opportunity. That this spirit may continue to grow and develop in our high and other schools is my earnest wish, for it is through higher scholarship, better citizenship and greater service that the young men and women of today can justify the large increase in investment in education for them.

In Memoriam

Mrs. Elizabeth H. Irish

Died April 18, 1924

Mrs. Elizabeth H. Irish was born in Wisconsin and was a resident of this state most of her life. A few hours before she died she requested that her obituary be brief, and dictated the following:

"Elizabeth H. Irish, after 22 years of continued teaching passed away Friday morning, April 18.

Interested in the civic life of the city, she was a member of the Twentieth Century Club, Community Service, University Women's Association and Chairman of the Educational Department of her church. She was a graduate of Milwaukee-Downer College, and in 1914 she took her M. A. degree at the University of Wisconsin.

After extended diagnosis it was decided there was some hidden source of septic poison"—

Here her interest lagged and she ceased to speak.

She was interred at Anoka, Minnesota, so that her body might lie near the loved ones who were with her at the last.

Among the most personal effects of Mrs. Irish was found this poem by Henry Van Dyke—

WORK

Let me but do my work from day to day,
In field or forest, at desk or loom,
In roaring market-place or tranquil room;
Let me but find it in my heart to say,
When vagrant wishes becken me astray,
"This is my work; my blessing, not my doom;
Of all who live, I am the one by whom
This work can best be done in the right way."

Abiding faith in youth, love of her profession, loyalty to her task, sympathy for the unfortunate, and charity in her relationships with her associates, characterized the faithful teacher, the kindly friend, whose memory we commemorate—Mrs. Elizabeth H. Irish.

For twenty years a teacher in the public schools of La Crosse, her strong personality and gentle ministrations have influenced the lives of many boys and girls and men and women of our community who feel a distinct personal loss in her demise.

Her keen insight into character, her unusual understanding of youth and its problems, her deep interest in human welfare, and her sincere effort to render service to humanity, inspired confidence in her work and made her a force for good in our school and our community.

A good and faithful servant, her reward is the everlasting respect and gratitude of those whom she served.

AN ODE TO THE SENIORS

Seniors, your dear High School days
Are going—going fast.
You've striven for a goal these years
You've reached it now, at last.

Aren't you just a little sorry
To leave your school so dear—
You remember when you entered
How 'twas held in trembling fear?

Then the days passed slowly on.
Easier grew the rugged ways.
You steadily climbed the hard steep paths
And now you've found it pays!

We know you're glad to leave us,
Your work is nearly done.
You've held the sway, and had your way,
Your pleasures and your fun.

But is hasn't been all sunshine.
There were clouds and many rains.
Yet don't you feel that backslides
Make more welcome hard earned gains?

We're following closely, Senior Class,
And soon will take your place.
But we're not at all unknowing
Of the obstacles we face.

We're going to overcome them,
And when the time for us draws nigh,
We'll try our best to leave, like you,
A record for La Crosse High.

—Wilma Clark, '27.

LA CROSSE HI TRIBUNE

1923 - - - 1924

HI-TRIBUNE

Journalism in previous years held little place in high school life, but throughout the country the importance and need of it has been felt; and almost every high school, regardless of size, now publishes some type of high school paper.

This can best be realized by the large number of delegates attending the Interscholastic Press Association meeting at Madison, last November, representing the publications from schools throughout the country. Among these delegates were the five La Crosse Hi-Tribune representatives: Norma Birdsell, Frank Muth, Lewis Curtis, Russel Huber and Frank Schneider.

One of the biggest things connected with this year's convention was that the Hi-Tribune initiated a custom which, it is hoped, will be retained by future Tribune staffs. It paid the railroad fare of two delegates to and from Madison.

The present staff was handicapped in the beginning by the necessity for issuing the paper only four weeks after beginning the course in journalism. Although the work was new the staff managed, under the leadership of Miss Bangsberg, to publish its first issue on the set date.

This difficulty is to be avoided by the staff for next year because of the school administration giving a class in 7-A English this past semester.

In both the 7-A and 8-A English classes the aim has been to give the newspaper writing instead of the usual composition work required in the regular 7 and 8 English classes, but to retain as much as possible of the usual literature work.

The value of the Hi-Tribune has been felt by all, for every student who has any interest in his school is proud to carry home to his parents a sample of his school life in the form of a copy of the Hi-Tribune.

SOCIETIES

THE MASQUERS

The Masquers followed long established custom in developing their outline of work for the year. They have had many interesting meetings. At some of these they presented a program or a play. Others were purely social.

On March 19 the Masquers presented a one act play at both assemblies. This play was called "The Unexpected Guest" and the cast of characters was as follows:

Ruth ..... Alice Schilling
Madge, Ruth's friend ..... Norma Birdsell
Beth, Ruth's younger sister ..... Maxine Spafford
Norma, Beth's friend ..... Marie Appleby
Mrs. Ross, Ruth's mother ..... Margaret Bannen
Aunt Jane, Mrs. Ross' sister ..... Helen Bunge

They co-operated with the Falstaff Dramatic Society in the presentation of "A Tailor-Made Man" on May 2. The following girls took part in this production:

Corrinne Stanlaw ..... Jane Orton
Tanya-Huber ..... Thelma Smith
Mrs. Stanlaw ..... Norma Birdsell
Mrs. Dupuy ..... Marie Appleby
Bessie Dupuy ..... Maxine Spafford
Mrs. Fitzmorris ..... Helen Baker
Miss Shayne ..... Helen Bunge

The aim of the Falstaff this year has been to maintain the high standard set by "The Charm School."

"The Choir Rehearsal," presented in the assemblies in February, was a howling success. The story deals with a young girl who is turned out of the church, through the narrow-mindedness of the congregation. and how the new minister, in love with her, eventually brings about a reconciliation of the "Christians" to the "Sinner." The comically musical choir added much to the success of the production, which was repeated no less capably for the exhibition.

THE CAST

Parson Wylie	Lee Palmer
Esmeralda	Dorothy Carr

The big play, "A Tailor-Made Man," a four act comedy drama, to be presented, together with the Masquers, May 2, gives every indication of being the cleverest thing the societies have yet done. The various roles are in the hands of an extremely capable cast. The plot concerns itself with the adventures besetting an ambitious young man, an employee in a tailor shop, who dons another man's dress suit, to attend a great reception, and how, in the course of time, he becomes one of the heads of a great industry. The able coaching of Miss Murley, the splendid cast, and the delightful plot, will, no doubt, combine to make the best production seen thus far in La Crosse High School. The Falstaff members in the cast are:

John Paul Bart	Gordon Kerr
Mr. Huber	Joe Holley
Dr. Sonntag	Russell Huber
Peter	Carryl Schall
Mr. Rowlands	Leland Palmer
Mr. Nathan	Paul Loftus
Mr. Jellicot	Joseph Losey

The Poke Gama, a girls' dramatic society, now under the direction of Miss Batty, was founded in 1917. The name comes from Pokegama, a spider-shaped lake in northern Minnesota, the waters of which are very clear and sparkling. It is the aim of the society to make its deeds as clear and sparkling as the waters of this little lake.

The aims of the society are:

1. To acquaint ourselves with good drama and literature.
2. To develop self-control, poise, and command of language.
3. To act good drama for others.

The society meets every Wednesday evening after school, and during these meetings programs are given consisting of readings, musical numbers, stunts, poems, current topics, and one act plays.

Some one-act plays given this year are: "Rosalie," "Mechanical Jane," and "The Truth About Jane."

It is the plan of the society to give a play yearly for the public and a one-act play for assembly.

MISS SOMEBODY ELSE

A three-act play, "Miss Somebody Else," was given for the public Friday evening, December 14. The story of this play concerns Constance Darcy, a young millionairess who comes to Tuxedobrook with her retinue in search of a friend of her mother. This friend, as the story proceeds, runs a bankrupt clubhouse in Tuxedobrook, and it is Constance's desire that she remain and help this friend recover her society trade. After many hardships and trials, the play ends with the regaining of the society trade and a happy future for all.

The cast for this play which was coached by Miss Batty was:

Constance Darcy ..... Fern Weise
Daughter of Harney Darcy

Celeste ..... Gladys Ash
A French maid in the employ of Constance

Ann Delavan ..... Rachel Jones
Manager of the Tuxedobrook Clubhouse

Mildred Delavan ..... Isabelle Temte
Daughter of Ann and Jasper Delavan

Mrs. Blainwood ..... Florence Layland
A society leader of Tuxedobrook

Fay Blainwood ..... Elsie Feinberg

KHEM KLUB

First Semester	OFFICERS	Second Semester
Carryl Schall	President	Paul Loftus
Norma Birdsell	Vice-President	Walter Schini
Roberta Lanouette	Secretary-Treasurer	Norma Birdsell

The Khem Klub, organized in the fall term of 1923, under the able guidance of Mr. Lewis, is the first club of its kind to be formed in La Crosse High School.

At the present time the club has about twenty-five members. Any student who has completed his course in Chemistry, any student who is taking Chemistry II, and any student taking Chemistry I, provided his grade is high, is eligible for membership in this club. Meetings were held each Wednesday at 3:30 for the first few months after the club was organized, but at the present time the meetings are held the second and fourth Wednesday of each month.

At each meeting a program, consisting of various talks or demonstrations of value to the Chemistry student, and also some entertaining features, is given.

The club has had a very successful year and has been of great value to the Chemistry students, stimulating interest in their work and giving them a greater knowledge of the importance of the subject in our lives.

We who have formed this club hope that it continues its work and becomes an established and lasting organization in the school.

JUNIOR-SENIOR PARTY

GIRLS' PARTY

SOCIAL COMMITTEE

The Social Committee is appointed by the Student-Teacher Council for the purpose of planning and executing all social functions held at the school. The faculty is represented by the Misses Heideman, A. Hayes, K. Taylor, and Mr. Stahl. The student body has a voice in the social life of the school through Lucile Grover, a February graduate, Hazel Peterson, Robert McCormick, Ellen Hurtgen, Joseph Losey, John Ward, Francis Burgess and Horace Holley. For each dance different chaperons and floor committees were chosen so as to be impartial to parents and to try out prospectives for next year's Social Committee.

At the beginning of the scholastic year letters were sent to the parents by the committee, giving the general policy of that body and cordially inviting the parents to attend any dance.

Among the outstanding events of the year have been the Girls' party and the Junior-Senior party, at which the decorations were simple and attractive, and everyone seemed to have a good time. Pictures were taken at both.

The May party was, as always, the semi-formal party of the entire social program. The hall was more elaborately decorated than at previous dances and the dancers somewhat more formally attired.

The attendance during the existence of that committee has been better, probably, than ever before. In attendance the Harvest Mixer excelled, and the Christmas Mixer was the lowest in spite of the fact that much time was spent in preparation for it.

At all the dances either ice cream or punch was served, with the exception of the Christmas dance, at which each person received a gift in place of refreshments.

Calloway's Orchestra furnished novel and peppy music at all of the mixers and social hours.

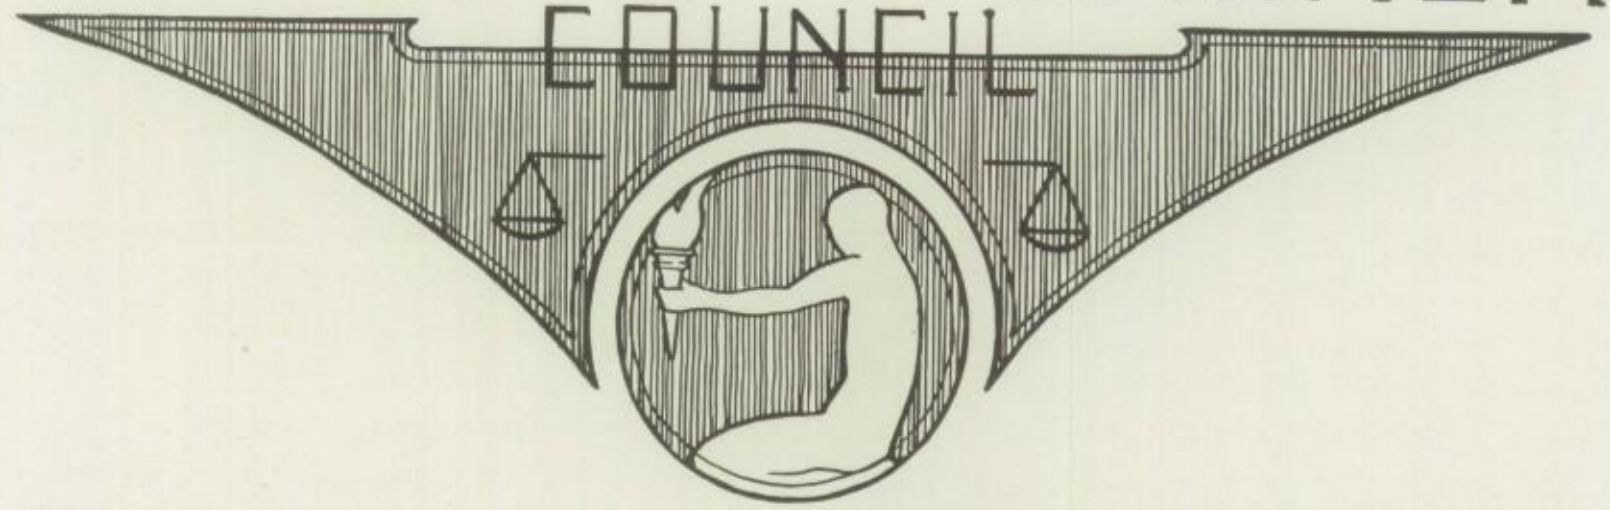
STUDENT-TEACHER COUNCIL



The Student-Teacher Council was organized in order that teachers and students might have an opportunity to work together on some of the problems of our school life and to give students an opportunity to carry more responsibility in the organization of our high school. This council has given both teachers and students a better understanding of each other and has fostered a spirit of companionship and co-operation. In addition to these accomplishments some very definite things have been worked out by this council.

1. Took charge of hallways, reception committee, supervision of lockers.
2. Planned our successful night pep meetings aided by other students called by them.
3. Maintained lost-and-found bureau, headquarters in office.
4. Planned other things that serve students and further promote this good fellowship.

Every organization in school that is eligible to membership elects a representative to the council. The organizations are divided so that a certain number choose their representatives in September and others elect theirs in February. These representatives are chosen for one year. In this way the council always has some members who are familiar with the routine of the meetings and with the purpose of the organization.

The groups that elect, and their representatives for this year, are as follows (in some cases those organizations which elect in September have appointed a representative in February to fill a vacancy).

SEPTEMBER

School at Large—George Reget, August Grams, Fern Weise, Helen Bunge. (Appointed in February to fill vacancy.) Leland Palmer, Marie Appleby.

Music Department—Stanley Bartz.

Athletic Association—Oliver Fritz, Ambrose Liscovec. (To fill vacancy.) Don Mullen, Harry Cohen.

Poke Gama—Isabelle Temte. (To fill vacancy.) Gladys Ash.

Girls' League—Jane Orton, Dorothy Carr.

FEBRUARY

Masquers—Helen Baker.

Falstaff—Dudley Emmert, James Shields.

Yu Gin—Phyllis Bentley.

Library Round Table—Susan Mowry, Alice Mae Munkeby.

Wendell Phillips—Herbert Ristow, Walter Wiebke.

Lincoln Douglas—Kermit Engebretson, Donald Peterson.

Khem Klub—Paul Loftus.

PARENTS'-TEACHERS' ASSOCIATION

President ..... Mr. J. R. Johnson
Vice-President ..... Mrs. John Mulder
Secretary-Treasurer ..... Miss Cora Desmond

The Parents' and Teachers' Association of Central High School is an organization composed of parents of students. Its purpose is to work in sympathy with the faculty and to lend a helping hand in any way which will best promote the interests of the school. Regular meetings are held at which entertainment is offered, matters of vital interest are presented and discussed, and social hours, which foster closer acquaintance of teachers and parents are enjoyed.

One of the chief interests of the association this year has been the encouragement of the high school band. To purchase uniforms for public appearance of the band, the P. T. A. united its efforts with those of the Mothers' League to raise the necessary funds.

We enjoy this relationship with our high school and are assured by Mr. Wiley that our services and good will are vital in the life of the school and are very much appreciated by the faculty. With these things in mind we are planning bigger and better things for the future.

J. R. Johnson, President.

THE MOTHERS' LEAGUE

President ..... Mrs. Albert Roberge
Vice-President ..... Mrs. Emil Olson
Secretary ..... Mrs. C. E. Schaefer
Treasurer ..... Mrs. Earl Wheaton

The Mothers' League is an organization composed of the teachers and the mothers of the high school students. The object of the organization is to bring teachers and mothers in closer contact and thus create, on the part of the mothers, a greater interest in school life.

The membership of the league is extended to the mother of every student, no dues being required. Meetings are held in Central High on the last Friday of every month of the school year. The programs of these meetings consist of talks concerning our work and interests, after which refreshments are served by a group of twenty mothers, and a very pleasant social time is then enjoyed by all.

One of our greatest accomplishments of the year was the raising of money to furnish the band with uniforms. We were able to do this by co-operating with the P. T. A. in giving various social affairs. We have also helped in furnishing Room 101 as a girls' rest room, and hope to be of greater assistance with growing strength, as evidenced by the interest in our well attended meetings.

Mrs. C. E. Schaefer, Sec'y.

HISTORY

Well, friends, another successful year has passed for the L.D.D.S. and we are proud to say that the membership is large and also that we possess a good live coach. With these two attributes combined we may look forward to another successful year.

Many interesting programs were had, including debates, orations, current topics, vocal selections by the now famous Tapioca Quartet and, last but not least, the internationally-known Bunge's Bimbo Bohunk Broadway Band. Besides the programs plenty of real serious business was conducted.

On this year's debate team five out of the nine members were from the L.D.D.S., again upholding our reputation in this line.

Of course we must not forget the sleighride party which was enjoyed by a majority of the members and their sweeties; although there was a slight disturbance owing to the fact that dishes for the refreshments were neglected until the last moment.

But after all is said and done, the L.D.D.S. is still in good running order and hitting on all six.

DEBATE—SEASON OF 1924

Another year, and hopes of debate victory were dimmed by that which seems to be the inevitable result. This year's contests were not held under the direction of the Lawrence League. It was thought that greater opportunities for better competition were offered outside this organization. With this object in view, a triangle with Baraboo and Madison was formed. The question debated, Resolved, That Congress should enact a federal law embodying the essential provisions of the Huber unemployment bill, constitutionality conceded, was the same as that used in Lawrence League competition.

On the evening of January 19, the La Crosse affirmative team, Dudley Emmert, Frank Schneider, Paul Loftus and Carl Zoerb, alternate, were unanimously defeated by Madison Central's negatime team, at La Crosse.

Baraboo met the La Crosse negative team, William Welter, Norbert Downey, Donald Peterson, and Herbert Ristow and Elver Dugan, alternates, on the Baraboo platform. The decision was also 3-0 in favor of our opponents.

The contests were by no means discouraging. La Crosse presented good arguments and their speeches showed that a careful study of the subject matter had been made. With an adequate system of training in public speaking, and with coaches the calibre of Mr. Falconer and Mr. Thomas, La Crosse should fare well in this forensic activity in the future.

Special effort has been made in the last year to promote the welfare of the Wendell Phillips Debating Society. That we have been successful is shown by the fact that this year four of the members of the school's debate squad belonged to the W. P. Also the last four winners of the Junior Ex. have been members of the Wendell Phillips. This shows the value of training in a debating society.

We feel that during the past year the society has filled its purpose well. The members deserve credit for the good attendance record and for the well prepared, interesting and instructive programs we have had. The Wendell Phillips, in February, furnished an assembly program in commemoration of Washington's birthday. At the football games the W. P. together with the L. D. furnished the spectators with "hot dogs" which sold faster than the hustling group of cooks could turn them out.

Mr. Falconer's great ability as coach and his untiring interest in the society has helped make the year of 1923-24 one to be looked back upon as a success.

MUSIC

MRS. R. C. WHELPLEY

MR. ANDERSON

MUSIC DEPARTMENT

The music department, under the able leadership of Mrs. Whelpley, has had a successful year. The Girls' Glee Club has been wonderfully developed by the untiring efforts of Mrs. Whelpley, while the orchestra and Boys' Glee Club has served the school a great many times with fine selections. The chorus classes have been built up and are capable of producing good music.

The High School Band, which was started in the fall of 1922, has made rapid progress during this school year under the direction of Mr. Anderson. The band has played at all the local basketball games and at the district tournament, besides at several other activities. Through the work of the Mothers' League and the Parent-Teachers' Association the band was furnished with uniforms.

During the past year athletics were carried on with great success due to the supervision of Coach Finley. Although this is but his first year, he has maintained an athletic program not to be excelled. His teams were of championship type and only lost in the final encounters by a small margin.

Mr. Finley has been a coach for sixteen years during which period he spent most of his time with boys. There is one thing for which he shall be remembered in La Crosse and that is the clean sportsmanship for which he stands.

TRACK—1923

Due to the long basketball season of last year not enough time was left to work up a track team and arrange for a meet here. However, a meet was held at Winona, to which all schools in this section went. Five men from La Crosse entered and took third place in Class A Division, losing second place to Rochester by one-half a point. The individual records follow:

Captain Reget—
  First—Running broad jump, 19 feet 7 inches.
    New Record.
  First—220 yard.
  Second—220 yard low hurdles.
  Tied for third—High jump.
Cameron—
  First—220 low hurdles. New Record.
  First—Discus.
  Second—220 yard.
Harget—
  Third—440 yard.
Zoerb—
  Third—100 yard dash.
F. Frey—
  Third—880 yard run.
Relay—
  Second place.

Without any track men back we are wondering what the outcome of this season will be. However, we hope that the new men show up well enough to carry on some meets.

FOOTBALL

Regular football practice was late in beginning this year for a coach had not been hired when the call for football was issued. When Coach Finley arrived he immediately started building up his team. The prospects for a very successful season were not bright even though ten men remained from last year's first squad. There was, however, very good material to be obtained from the second team.

Campion 0; La Crosse 34

The Red and Black team opened their football season by playing the Campion Academy football team at La Crosse. Campion was unable to score throughout the entire game though they fought hard to do so. The team worked well together and showed great ability in carrying the ball down the field. This game proved encouraging and showed that we had the material for a great team.

Eau Claire 0; La Crosse 26

The team drove to Eau Claire accompanied by many rooters. The trip was a very successful one for our boys came home with another victory to their credit. The game was very regular, our team crossing the goal line once each quarter. The Eau Claire team fought hard but were unable to make gains through our much heavier line.

FOOTBALL

Winona 0; La Crosse 92

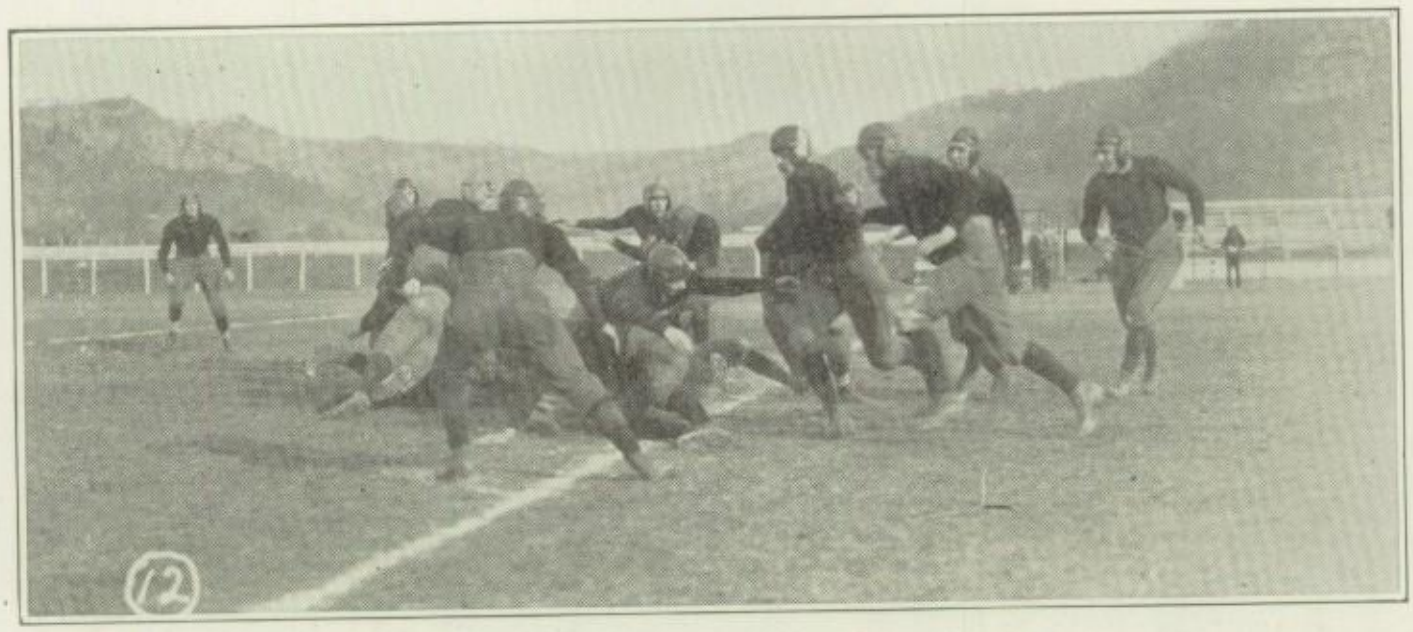
The Saturday following the team's trip to Eau Claire they took Winona's aggregation into camp at the Normal Field. The Winona team did not prove so dangerous as expected for in the first few minutes of play our boys made their first touchdown. It was a track meet for our backfield from then on with Zoerb, Weigent, Rendler, and Birnbaum performing. The second string took the field in the last quarter and added two more touchdowns to the already overwhelming count.

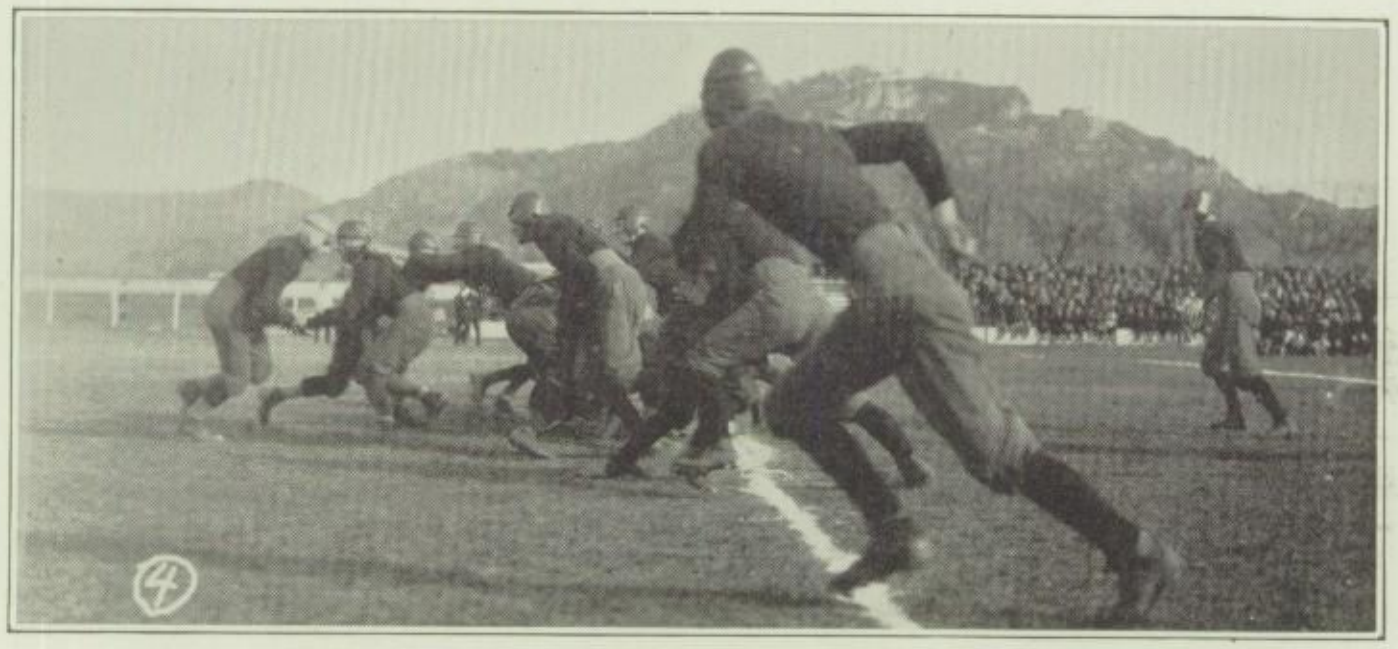
Superior 0; La Crosse 39

The following week the Red and Black team journeyed to Superior and brought back the bacon. The men displayed great teamwork throughout the entire game and defeated Superior's strong team by a large score. There were no outstanding stars but all the players were working together and displaying a well working team throughout. The players said that they had never seen such school spirit as was displayed by the Superior High School.

Wisconsin Rapids 0; La Crosse 38

Wisconsin Rapids was met at the Normal Field with a large crowd present. In the first few minutes of play "Eddie" Rendler received a broken collar bone and his loss was felt very much. The outstanding feature of the game was the number of penalties inflicted upon both teams. Wisconsin Rapids showed to poor advantage by their stalling throughout the entire game. This made the game very uninteresting for the large number of fans present. The La Crosse line featured when they held the Rapids team on our two foot line for four downs.





FOOTBALL

Sparta 0; La Crosse 24

The old time rival of the Red and Black held the team to the lowest score yet this season. Our fellows seemed a bit over-confident from their list of decisive victories and did not show up well in this game. The Sparta team was light but had the fighting spirit. The scoring did not begin until the second quarter and the half ended 6-0. However, in the second half the team annexed three more goals to their credit.

HOMECOMING

Edgerton 9; La Crosse 55

The first annual homecoming celebration began the day before the Edgerton game. The rival team was put on display along with our team in a large "pep" meeting held Friday. Speakers and other members served as entertainment.

We celebrated the real homecoming day with our big game. In the second quarter Carl Zoerb, at halfback, was taken from the game with a broken collar bone. Edgerton was unable to score until the third period when a long place kick proved successful. This was the first score made during the season against our boys. Again in the fourth quarter Edgerton was able to run the ball over for a touchdown; however, this did not stop our boys from avenging the defeat of 1916.

Waukesha 14; La Crosse 13

A championship game was arranged with Waukesha for Thanksgiving Day on the Normal Field.

Waukesha, in the first seven minutes of play, made two touchdowns and completed both goal kicks. With this lead against them, our boys staged one of the most wonderful comebacks ever seen. Both Rendler and Herman were substituted following Waukesha's touchdown and played a wonderful game considering their crippled conditions. Much credit is due Weigent for he played a brilliant game at quarterback.

BASKETBALL

The prospects for a successful basketball season were anything but bright when Coach Finley began to work up a squad. Many turned out for there were only three men back from last year, around which to build. There was a large cut and then regular practice was held throughout the Christmas holidays. Soon after this, the first squad was picked and began to prepare for the strenuous schedule which had been arranged.

La Crosse 24, Winona 23

The team journeyed to Winona for their first game which proved to be a real one. The game was a fight from start to finish with Winona in the lead most of the time. However, our boys settled down in the last half and rapidly overcame their lead. Then in the last two minutes of play Weigent made a basket placing La Crosse one point in the lead.

La Crosse 25, Sparta 7

The first home game of the season was played against Sparta's snappy team. Though overwhelmed from the beginning, Sparta would not say "die" but fought to the last whistle. In this game Coach Finley's new play was tried out and proved successful.

La Crosse 27, Eau Claire 9

Eau Claire sent their fast aggregation here the next Friday to battle our team and avenge their defeats of last year. However, our boys had something to say about this for they held them to a one-sided score. Much enthusiasm was shown by the large crowd of spectators and also by our noisy band.

La Crosse 16, Winona 15

The Winona team, smarting under the defeat already handed them, came here seeing red and determined to win. The large crowd was kept on edge and the noise was deafening for it was a battle to the end. Weigent, our star athlete, played his last game for La Crosse due to the nine semester ruling.

BASKETBALL

La Crosse 18, Wisconsin High 16

Our boys left the next week end for Madison determined to beat last year's State Champions. The game was played on the University floor before a large crowd with a few of our alumni present. This game proved very interesting as the lead held by either team throughout the contest was slight. The accurate shooting by our boys finally won the game.

La Crosse 26, Menomonie 11

The week following a new opponent was taken on. Menomonie proved a worthy opponent and was a very hard team to beat. The game was more exciting than the score indicates for they would not give up to the end. Much improvement was shown by our boys over some of their previous games.

La Crosse 26, Sparta 3

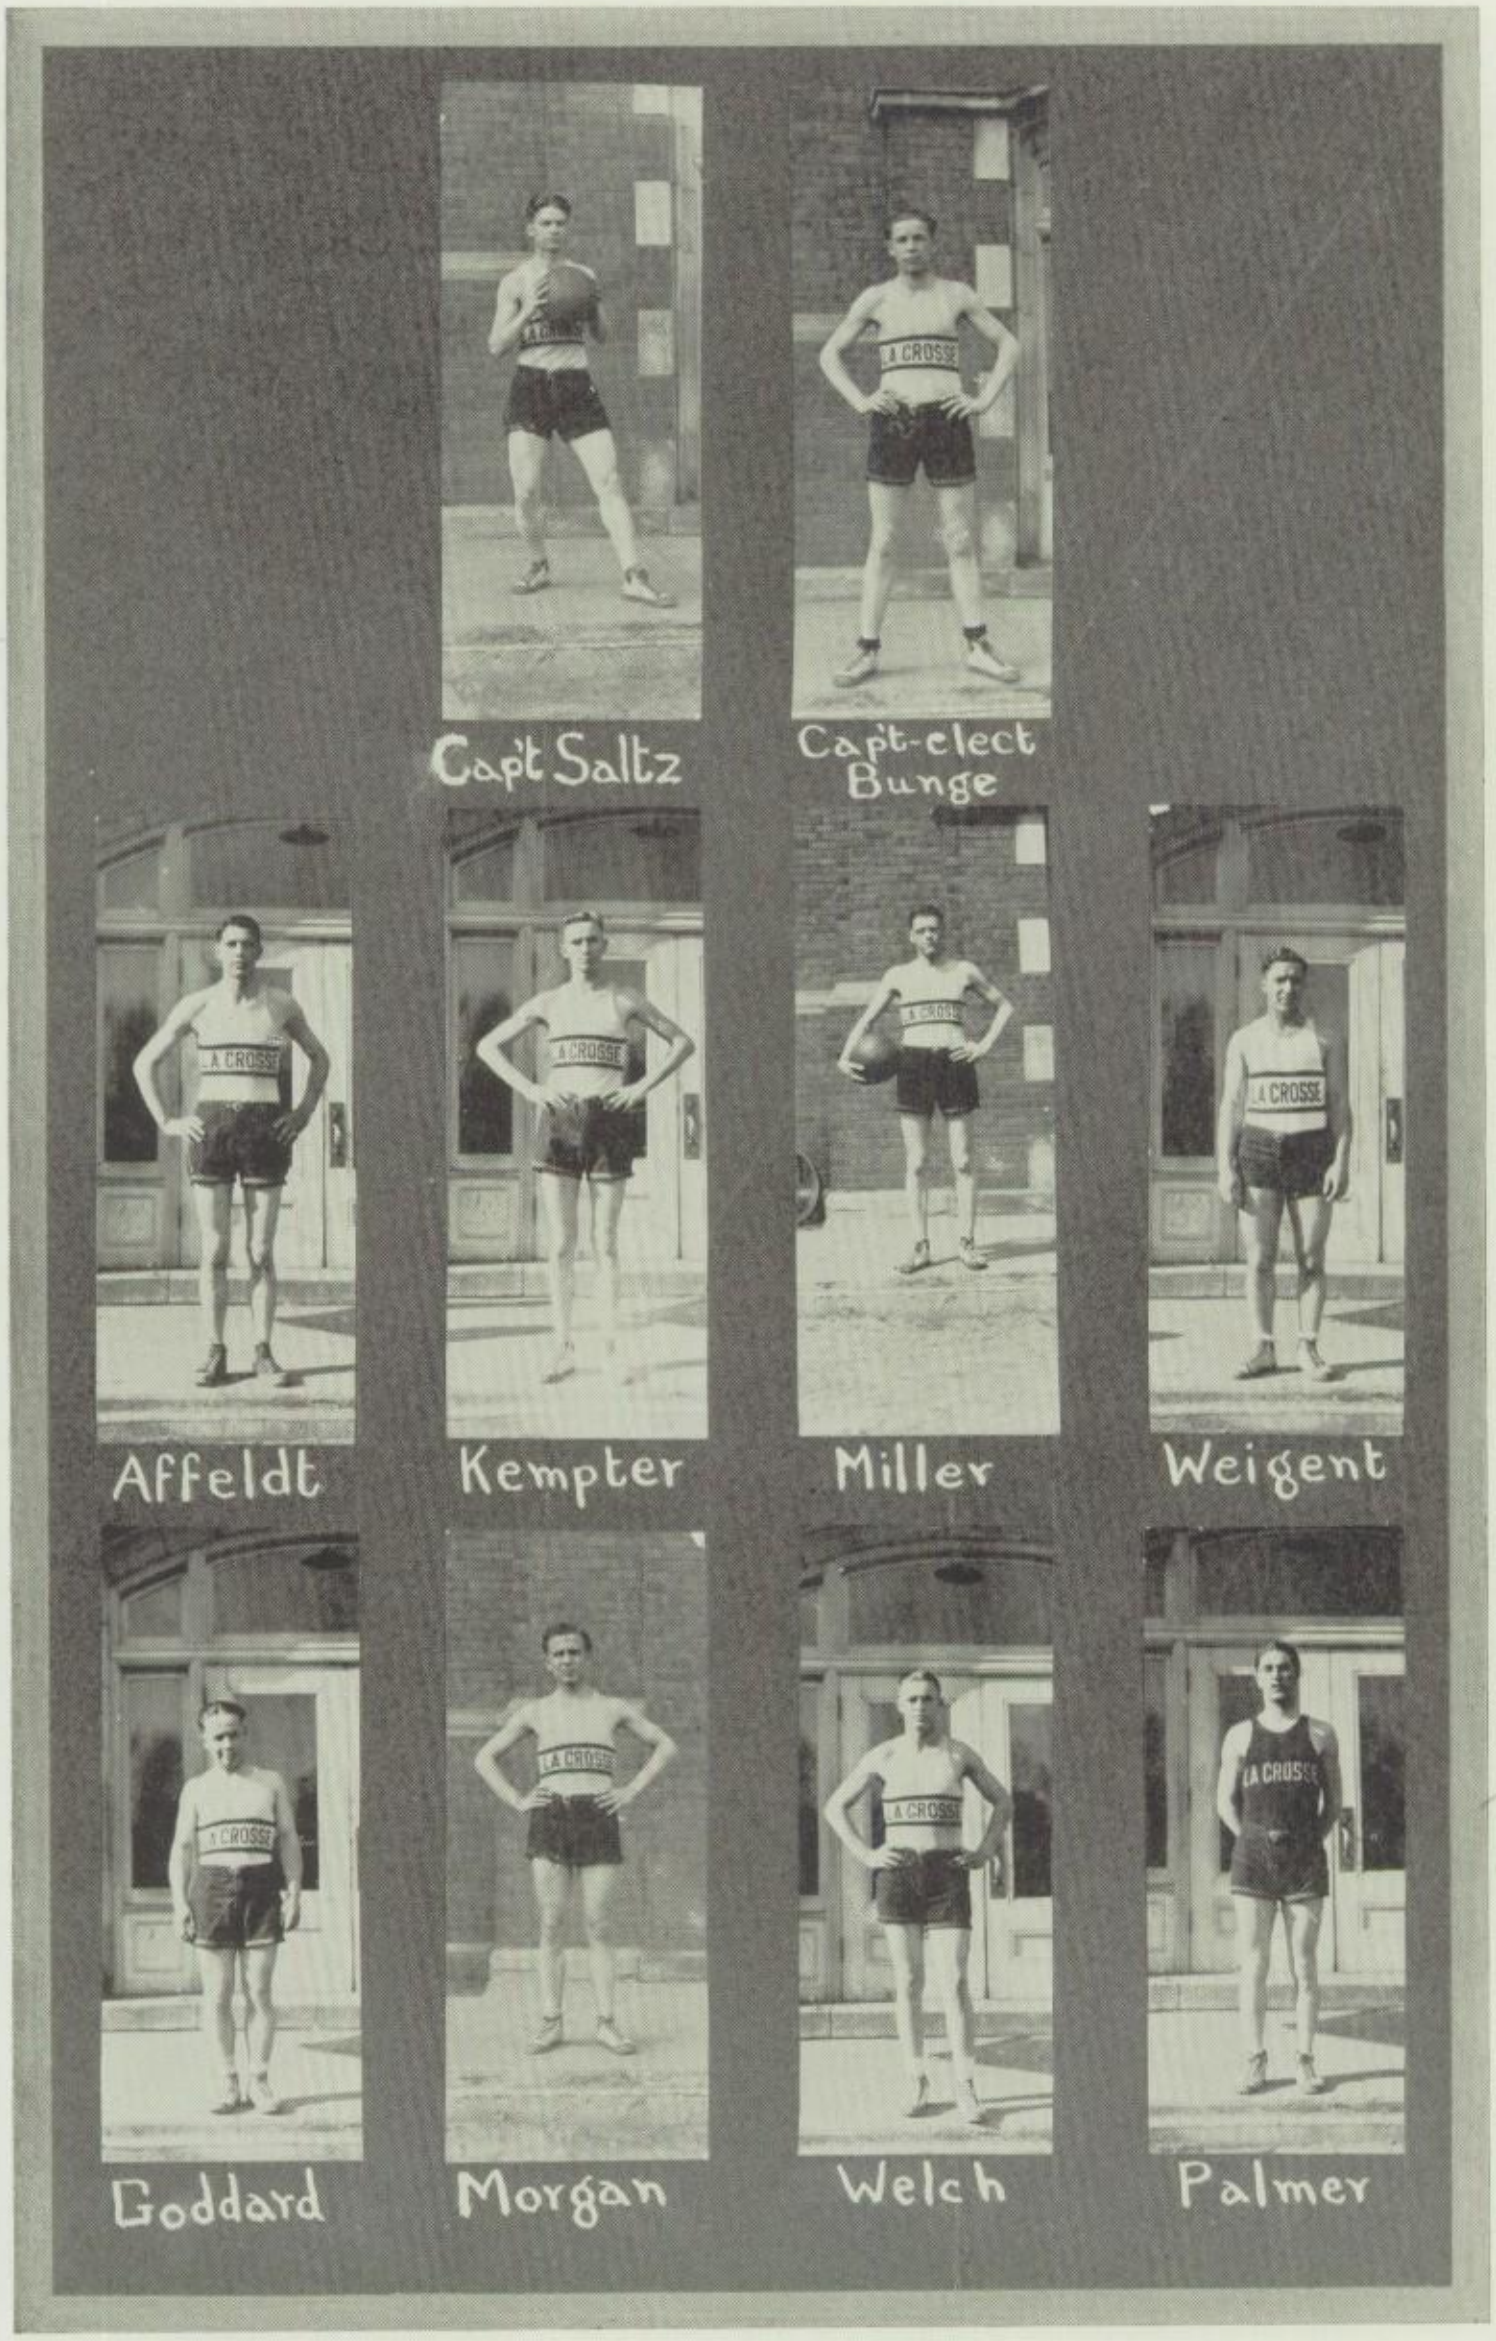
The next day the team drove to Sparta in cars to meet their team again. Due to the new and large gym in the Sparta school our boys were able to work their plays to a good advantage. As usual the Sparta team put up a good fight but were unable to score.

La Crosse 13, Eau Claire 17

The team began their two game trip the following week by meeting Eau Claire. Our boys were handed their first defeat in a very close game. The first half ended 7-2 with our boys at the short end of the score. At the end of the second half they had evened the count at thirteen. In the over-time period, Eau Claire made two baskets.

La Crosse 21, Menomonie 16

Spurred on by the defeat on the previous night, the team went to Menomonie and defeated them by a small margin. At the close of the first half La Crosse was beaten 12-11. Out to win in the second half the team evened the count and then kept going for the boys were five points in the lead at the last whistle.



This is mein my under-lerve.
Le.

BASKETBALL

La Crosse 15, Wisconsin High 8

The State Champions, smarting under their previous defeat, came here all set to win. The game was fast and well played, and kept the large crowd keyed up throughout. The Champions led by two baskets at the quarter, but the half ended a tie. All during the second half they were unable to score due to our close guarding and their inability to make good their many chances.

La Crosse 16, Madison Central 9

The following week the team closed their regular schedule by traveling to Madison to meet the Central High School team. The game was very interesting. The score was 14-2 at the end of the first half but would have been much closer except for Madison's inaccurate shooting. Madison took a spurt in the last half, but was unable to overcome the lead.

District Tournament

Two weeks after the Madison game the District Tournament was held in the Normal gym. Thursday night we played the Viroqua team which did not prove to be all that was expected. The score was 31-10 in our favor at the end of the game.

The next night we met Wilton and after an easy battle the score was 33-11 in our favor.

In the Championship game Baraboo was met and proved themselves strong contenders. However, La Crosse led throughout the contest. The final whistle of the tournament found the score 20-16. Following the game, a silver basketball and individual medals were presented to the team. Every regular was placed on the mythical first and second teams.

State Tournament

After two weeks of hard practice the team went to Madison to meet Marinette in the first round of the State Tournament. La Crosse evened up old scores by defeating Marinette 27-3 in an easy game. Throughout the contest Marinette did not make a single field goal.

The following night La Crosse met Superior and was defeated by a 25-28 score. This was thought by many to be the Championship game for both teams were among the best in the tournament. This game finished the season for there was no consolation to play for. In announcing the All-State team we were lucky to have one of our players given a place.

"VARSITY" FOOTBALL

Besides the regular squad about forty men responded daily to the workouts which were conducted by Mr. Wiley, Mr. Brindley and Joe Abraham. A tournament was arranged between these three teams and the Logan Junior High. The team coached by Mr. Wiley was victorious in this league. These teams also furnished opposition for the first squad and will help make up the varsity of next year.

JUNIOR LEAGUE

For the first time under the direction of Coach Finley a Junior League was organized. It was open to all boys in the school. Three classes were arranged according to the players height. The meet was run off in six weeks and the final standings were:

Class A

	Won	Lost
Minks	8	1
Polar Bears	6	3
Badgers	3	6
Bulldozers	1	8

Class B

	Won	Lost
Snipes	6	3
Cardinals	3	4
Mudhens	3	4
Cuckoos	5	3
Whippoorwills	2	6

Class C

	Won	Lost
Dandelions	6	1
Bobolinks	4	2
Orioles	3	3
Robins	4	5
Carps	1	6

CLASS LEAGUE

Following the basketball season the class league was held. The teams were coached by members of the first squad. The following was the outcome of the tournament:

	Won	Lost
Juniors	7	0
Seniors	5	2
Adv. Juniors	5	2
Adv. Seniors	3	4
Adv. Freshmen	3	4
Sophomores	3	4
Adv. Soph.	1	6
Freshmen	1	6

Bill Boma was high scorer of the meet.

SWIMMING

This year swimming classes were organized in connection with the gym classes. Great interest is being shown in this sport. Class meets are being arranged for the near future. Later, swimming is to be made compulsory for both girls and boys.

OUTSIDE ATHLETIC ACTIVITIES OF THE GIRLS

The girls are taking even a more prominent part in the high school athletic life since the creation by Miss Linse of two swimming classes, the beginning and the advanced class.

The members of the beginning class are learning the elementary strokes, proper breathing, the preliminaries of diving, and to overcome their fear of the water. This class of twenty-five members was organized last November, and two members have already qualified themselves to be transferred to the advanced class.

The advanced swimming class is devoting its time to the perfection of various strokes and better form in diving. This class was organized the same time as the beginning class and has about the same number of members.

A swimming meet was held recently in which the members of the advanced swimming class and the Dolphin club took part. In this event Jane Orton secured first place; Evelyn Rehfus, second; Muriel Schneeberger and Marie Louise Holley tied for third; Ellen Hurtgen and Posy Edwards coming in fourth and fifth respectively.

Two swimming teams have been chosen for the meet May 1.

1. Jane Orton (captain)
2. Evelyn Rehfus
3. Mary Wing
4. Posy Edwards
5. Marie Appleby

1. Ellen Hurtgen (captain)
2. Leone Stannard
3. Mary L. Holley
4. Wilda Hickish
5. Margaret Roberge

The girls in the Junior Life Saving Corps that was formed last year have been assisting with the beginning class, and several of the girls expect to secure their senior emblems.

DOLPHIN CLUB

Top row, left to right—Mary Wing, Leone Stannard, Evelyn Rehfuss, Charlotte Hussa, Marie Appleby, Rena Remer, Maxine Spafford, Dorothy Bartl.
Second row—Posy Edwards, Wilda Hickisch, Jane Orton (president), Carol Johnson (secretary), Frances Burgess, Ellen Hurtgen.
Third row—Mary Louise Holley, Juliana Smith, Annabel Krause.

First Semester	OFFICERS	Second Semester
Cynthia Herbert	President	Jane Orton
Carol Johnson	Secretary-Treasurer	Carol Johnson

The Dolphin Club was organized by Miss Linse for the purpose of encouraging swimming.

The members meet each Wednesday for a swim and during this time strokes and dives are perfected.

The first tryout was held in October when Jane Orton, Mary Wing, Mary L. Holley, Wilda Hickisch, Charlotte Hussa, Ellen Hurtgen, Posy Edwards, Muriel Schneeberger, Evelyn Rehfuss, Dorothy Bartl, Carol Johnson, Cynthia Herbert, Leone Stannard, Maxine Spafford and Marie Appleby were admitted. Annabelle Kruse, Rena Remer, Margaret Roberge, Julianna Smith, Gertrude Klaus and Frances Burgess were taken in in January.

An average of eighty-five points is required. The test includes perfect form in the side stroke, back, and breast strokes, and in the standing, running and optional dives. For endurance the person must swim around the tank five times, float and tread water for thirty seconds, swim under water the length of the tank and do a surface dive to recover an article.

Several of the members have obtained Junior Life Saving Medals. They are: Leone Stannard, Carol Johnson, Muriel Schneeberger, Maxine Spafford, Marie Appleby, Cynthia Herbert, Jane Orton, Dorothy Kroner, Ann Guenther, Evelyn Rehfuss, Margaret Roberge.

This year the entire Dolphin Club is working for the Senior Medals.

A DAY IN JUNE

(Prize Poem)

Oh, how lovely—a day in June,
When "heaven tries earth if it be in tune."
Spring calls in a tender throbbing voice,
"Awake! In my beauty and fragrance rejoice!"

White clouds drift lazily across blue skies;
Birds send afar their joyful cries;
Butterflies drift with the soft warm breeze,
Full of droning, and rustle of leaves.
Sunshine spreads o'er the basking earth—
'Tis a day for only joy and mirth.

"Awake!" A message to all, it rings,
But suspense and agony only it brings
To the boy shut up in a heartless school—
"Golly!"—a longin' for the swimmin' pool.

—Wilma Clark, '27.

A LITTLE YELLOW DOG

(Prize Story)

One day as Philip Hunter loitered on his way home from school, he heard a patter of feet behind him and, turning, beheld the sorriest sample of dogdom he had ever seen. He was covered with mud from head to tail and he limped as he walked. Philip stopped and waited for the dog to come to him. As he stooped to pet him he heard a mob of boys coming around the corner, yelling lustily. Instantly he realized that they had been chasing the dog, and, catching him up in his arms, Philip struggled along in an effort to evade his pursuers.

Before he had gone half a block they were upon him and, snatching the shivering dog from his arms, demanded the reason for his flight. Philip stammered an explanation, but it was heard by no one in the crowd. Whereupon the boys renewed their attack on the dog. Again Philip tried to get the attention of the crowd but his efforts met only with shouts of derision. He hesitated an instant and then, with cry of defiance, plunged headling into the crowd. The peaceful street was immediately transformed into a howling bedlam of small boys, biting, kicking and screaming at one another. The excitement grew as the passers-by gathered and was only terminated when one of the boys swooned from a blow on the temple.

The tumult subsided as quickly as it had begun for the boys crept fearfully away through the crowd. Soon there was no one of the combatants left but Philip and the unconscious boy on the ground. The small dog huddled, whimpering, at Philip's feet. Philip himself was on the point of flight, when a hand descended heavily on his shoulder and a gruff voice demanded, "Young man, what's the meaning of all this?"

Without looking up, Philip recognized his father's voice and his heart grew heavy as lead.

"A bunch of boys were hurting this dog and I tried to make them stop," was all the explanation that Philip could offer.

"That may be true," said his father, "but why is Arnold stretched out here on the ground?" To this Philip could answer nothing without "tattling" on the other boys; so he remained silent. By this time Arnold began to move and groan and a man in the crowd carried him into a nearby house.

"Now, young man, you come home with me," said Philip's father. Without a word he walked quietly beside his father up the shady street. The crowd, seeing nothing of further interest, dispersed. The yellow dog, the cause of all the trouble, crept unnoticed along the street after the boy and his father.

"But father," pleaded Philip, desperately, an hour later as he faced his father across the library table, "the poor dog couldn't help himself and they were throwing rocks and mud at him and his foot was hurt and h-he was s-so scared h-he didn't know wh-what t-to d-do." Philip's voice trailed off miserably as he strove to master the tears that would come in spite of everything. His father was silent for a moment and then he said, sternly, "Tomorrow after

school you will come straight home and memorize the first chapter of the Bible and you'll not see any of your friends while you're doing it. We'll see if that won't teach you not to meddle with things that don't concern you." As he finished speaking, he turned toward some papers on his desk and Philip realized that he was dismissed.

His first impulse as he left the room was to scream and kick and say he would not mind, but he knew that his father would not change a thing he had said, but would probably inflict an even greater punishment for the rebellion. As he walked slowly toward the kitchen he heard the cook's voice raised in anger.

"Git out o' here," she called; "git out o' here, or I'll throw a bucket o' water at ye." Opening the door, Philip saw the small yellow dog crouched on the door step, while above him towered the cook.

"You let him alone," cried Philip, furiously, as he ran to the dog. "He's my dog and you shan't hurt him." With that, he picked up the dog and ran toward the garage with him. That evening, after supper, Philip went out to the garage with some scraps he had begged from Ellen, the maid. She was a special friend of Philip's and he had asked that she keep secret the fact that the dog was on the place. She had readily agreed and had even saved the scraps from her plate for him.

For several days the small yellow dog stayed in the garage and Philip nursed him back to health with food and bandages for his wounds. Then, one day when the dog was almost well, Philip coaxed him out onto the lawn to play. For a long time they rolled and played together on the soft grass and once the dog barked, to Philip's great delight, for he had begun to think that the dog did not know how. Finally, as the sun sank, they grew tired of playing and when Philip lay down on the grass to rest the dog crawled close beside him and fell asleep. Presently Philip's eyes closed and the two, the curly-headed boy and the yellow dog, slept together. As they lay thus cuddled, Judge Hunter came slowly up the drive, tired after his day's work. He paused for a moment and his face softened as he gazed at the sleeping boy, for Philip was an only child and his father loved him dearly. Then, as the man noticed the dog lying beside his son, his face darkened and his eyes took on a steely look. Striding across the lawn he rudely awakened Philip and demanded, "Where did that dog come from." Philip, dazed with sleep, mumbled out the whole story before he realized to whom he was speaking. Then, it was too late to mend his statements and he sat crouched over the dog waiting for his father to speak.

"So you've deceived me, have you?" demanded his father, angrily. Philip nodded but said nothing. "Well, we'll see about this. You go to your room and stay there. "Griggs," he called to a man entering the garage, "come here." As Philip turned away he heard his father speaking in low tones to the man. He caught the words, "gun" and "woods" and then the man saluted and turned away, with the dog in his arms.

An hour later a childish, tear-stained face gazed out from an upstairs window at the rapidly disappearing figure of a man

with a gun over his shoulder. At his heels, trotted a little yellow dog.

Many years passed. Philip became a famous physician. His friends often remarked upon his taciturnity and some of those who had been boyhood friends vaguely recalled an affair over a dog that had changed him from a sunny lad to a sullen, gloomy man. There seemed to be no basis for the hint, so his friends respected his moods and left him alone when he seemed to desire quiet.

One day an epidemic of plague broke out in the poorer section of the city and Philip volunteered to help in the fight. He sat at the bedside of many victims and eased their pain as best he could. For two weeks he worked day and night and snatched a bit of rest at infrequent intervals. But his body could not stand the strain and in his weakened condition he contracted the plague. A physician, a friend of Philip's, was called to care for him but he soon realized that Philip could not live. In response to a telegram, Philip's father hurried to the beside of his son. Since that day, long ago, when the Judge had sent Philip to his room and given directions to Griggs, a barrier had grown up between him and his son, a barrier that had remained unbroken. Now as the Judge gazed at the figure of his son, broken in health, he realized that a very small thing had turned his son against him. Seating himself beside the bed, he attempted to apologize but stopped for the look in Philip's eyes was that of delirium and not of reason. As his son raised himself and began to mumble incoherently, the Judge leaned forward and caught a few words.

"Yes," Philip said, "you were wrong but you sent the dog away. You're not sending me away, but I'm going just the same. The dog was not to blame and I'll soon be-e-e." His voice wavered and broke and he fell back on his pillow.

Oftentimes, through the soft twilight of the evening, the broken figure of the Judge may be seen as he walks in his garden. When he reaches a certain spot he stops and looks longingly around him. Who knows—perhaps he sees the figures of a curly-headed boy and a small yellow dog stretched side by side, asleep.

Eleanor Schroder.

DREAMS

Dreams are wonderful things they say,
They come at night and they come by day,
Some dreams warn you, others guide,
Some anger, others are slow to chide.

Dreams by night that are pleasant and gay,
Help to drive trouble and sorrow away,
But day dreams of pleasures, riches and ought
Are never worthy of one's thought.

Then listen, friends, there are dreams and dreams,
Some have inspired men, it seems.
Dream on at night, but not by day,
You need your time for work and play.

—Dorothea Rosenwater.

THE PASSING OF SUMMER

When birds fly south
And the grey winged moth
Hovers close to the window pane,
When the leaves turn brown
And come fluttering down
To the earth's soft bosom again.

When icy winds begin to blow
And the evening moon again rides low
In the sullen, glowering sky,
When flowers fade and the little creek
Begins to flow with current weak,
Why—summer is passing by.

THE FATE OF THE STAFF

A Play in Five Acts

ACT 1. SCENE 1

Time: Night. The faculty adviser of the Booster has retired. A huge, green-eyed beast enters through the window and squats in the corner of the room.

ACT 2. SCENE 1

The end of a Booster meeting. The entire Booster staff figuring prominently in general mix-up.

Business Adviser: I-ah-have some news.

Business Manager: Curses! What kind?

Business Adviser: Ah, bad, bad, (faints).

General rush for water. She revives and whispers hurriedly. Business Manager rocks to and fro, head in hands.

ACT 3. SCENE 1

Night: The business manager has retired.

Business Manager: And I must break the news. Why, oh why, do I always get the worst end of things? My comrades, they will perish! Oh, death, where is thy sting? (After much tossing he at last falls asleep.)

ACT 4. SCENE 1

The Plot Thickens

Interior of auditorium: Wednesday morning: Booster staff lined up against wall, nervously consoling the business manager. Finally he gulps and strides manfully up the aisle.

Business Manager: Fellow students, it grieves me to state that I-gulp-have some news to tell you. (A rumbling in the crowd.)

Business Manager (continuing): This declaration hurts me more than you. The—Booster—will—n-not—be—out—this year! (The rumbling swells to a roar.) An inkwell hits his manly form, then another. The staff flee, closely pursued.

ACT 5. SCENE 1

Night: The green-eyed beast slowly rises, and fades into thin air.

Faculty Adviser: My word! What a nightmare!

THE OVERALL BRIGADE

The Overall Brigade,
They're always on parade;
They carry a basket and a broom
And make their way from room to room.

Sometimes you see them two and two,
And then again there's one in blue.
They look to left and look to right
But when they go the room is bright.

We walk along, a happy throng,
Paper on the floor, why that's not wrong;
A pencil here, an overshoe there,
At the end of the day we wonder where.

Then once more comes a savior in blue,
He's always ready to offer a clue.
We owe them more than can be paid,
The Overall Brigade.

JIMMY'S MOTHER

"Mother, why does it rain all day? Why can't I go outside and play?"

"Oh, it rains all days just to make little boys ask questions, I guess, Jimmy." This was Mrs. Barclay's habitual method of answering her young son's many questions. Today a note of weariness added itself to the usual irritability of her reply.

"Well, but Mother, why can't I play with my train in the dining-room? Or," wistfully, "I wish you'd read to me."

"Jimmy," Mrs. Barclay spoke with a sharp firmness, "the pain in my side is bad today. If you have any more to say, wait and say it to your father. He's coming home in half an hour and I have to get lunch ready for him. Now go into the other room and don't come out here again until he comes."

Although Jimmy was accustomed to having his mother speak thus to him, her manner never failed to awe him. He turned away, carefully hiding tears in his eyes and resolving that he would not cry. Then he walked soberly into the living-room to curl up in the window-seat where he might watch for his father's approach.

Mrs. Barclay, busily preparing lunch in the kitchen, was thoroughly provoked with herself. She loved Jimmy whole-heartedly, but his questions tired her patience beyond its limit. Every morning she resolved to be patient—to answer his questions reasonably. Every evening, when she thought over the happenings of the day, she knew she had fallen short of her purpose. Why was she so irritable? How could her husband be so consistently patient? Surely there were as many things to annoy him as there were to annoy her.

At that very moment the front door opened quickly. Jimmy ran to meet his father, and a cheerful "Hello, everybody!" greeted her ears.

"Daddy, I wish it would stop raining. Why does it rain all day? Mother said to ask you." Jimmy spoke happily now, confident of an answer, his mother thought.

"Why, Jim, if we didn't have rain once in a while there wouldn't be any grass out in our yard; there wouldn't be any flowers in the garden; you couldn't have the strawberries that you like. You see we have to have the rain. Anyhow, I thought you liked to make mud pies."

"We-ell, I do, but I wish it would rain at night." Jimmy still objected, but the tone of his voice told his mother he was satisfied.

As they were eating lunch, Mr. Barclay looked at his wife. "Felling better, Ede?" he asked.

"No, I think I'm worse, really. I'll have to see the doctor this afternoon, and I'm afraid my operation can't be put off any longer."

As it really happened, Mrs. Barclay did not go to the doctor that afternoon. For years she had been troubled with appendicities. Until now she had only grumbling attacks, but every time her doctor had told her that an operation would be necessary some time, although there was no immediate danger. Something about the pain this time, however, warned her that the operation was imminent. Instead of visiting the doctor in his office, she called him to the house. He examined her and or-

dered an immediate operation. In accordance with his directions, she rested all afternoon. When Mr. Barclay came home from his work, she had him take her to the hospital for the night, that she might be in the best condition for the operation in the morning.

The next afternoon, after the operation, Mrs. Barclay was as comfortable as the doctor could wish but, to her great surprise, he forbade her to see anyone except her husband and her mother for a week. Not even Jimmy could come to see her.

"Mrs. Barclay is in a somewhat run-down, nervous condition," the doctor said, "and the things a youngster five years old will do in a hospital cause more strain than many a normal person can stand."

Thus for a week Mrs. Barclay did not see her little boy; for a week she was not called upon to answer his childish questions; and during the latter part of the week she longed to see Jimmy more and more each day until every day in itself seemed a week to her. On the evening of the seventh day she could stand it no longer.

"Jack," she begged as her husband was about to leave her, "please get up early tomorrow morning, dress Jimmy, and leave him here with me on your way down town. Mother can take him home in the middle of the morning, if Dr. Hanson says he must go, but I can't wait any longer."

"All right, Ede, I'll have him here before you're awake, if you aren't careful. But don't stay awake all night thinking about it! Good-bye!"

True to his word, Mr. Barclay presented Jimmy to his mother before her breakfast the next morning. One rapturous spring, and Jimmy was on the bed, hugging his mother as though his life depended on it.

"Jimmy, dearest, I've been afraid I wouldn't ever seen you again, it's been so long!" Mrs. Barclay was too happy now to say more. For some inexplicable reason, she wished that Jimmy would ask her one of his foolish little questions. She knew now that she'd never again be cross with him when he wanted to talk to her.

"Mother, why wouldn't the doctor let me come to see you when Daddy came, at first?"

"Oh, Jimmy, you little bunch of questions! I'm sure I don't know. Every day I've asked him to let you come, and every day he'd said, "No." You won't ever know how much I've wanted you to come." Jimmy's mother looked to see whether or not her son was satisfied, but she need not have worried. Jimmy, who was not used to getting up so early, was already sleeping quietly beside her, wholly contented now that he had seen his mother again.

—Phyllis Bentley.

MEMORY

Though from thee, dear school, we part,
Mem'ries ever remain in our heart.
As we climb to peaks more high,
Our thoughts return to the days gone by.
Recollections of the past—
Of those glad school days that went so fast.
To thee then all the honor due
For our success and kindly virtue.
We're grateful to you, oh school,
For you have made us God's fitting tool.
The mother of ambition fond
And wisdom 'tween us, a lasting bond,
'Twill guard us from evil's smile,
Temptations will lose their lure; for while
Leaving thee for higher spheres
Thy music of trust rings in our ears.
Then our thoughts come back to thee—
Return again, in sweet memory!

RED FALIN'S EQUAL

It was two weeks before the big race and James Kirkwood, the owner of Red Falin, the noted red roan race horse, was sitting on the piazza of his Colorado ranch home. He was puffing on a cigar and he smiled as he puffed. The prize of five thousand dollars that was to be awarded to the winner of the race was already in his hands. No horse could beat Red Falin. As the rancher's eyes dropped to the table in front of him the smile vanished and a frown took its place. Before him was the picture of a handsome lad of seventeen years.

This boy, while still in his seventeenth year, had quarreled with his father about Red Falin and had gone away, threatening to bring back a horse that would beat Red Falin, "running backwards" as he expressed it.

James Kirkwood clasped the picture to his breast and looked up in the heavens. Suddenly he put the picture down and sprang to his feet. In the distance were a horse and a rider, a horse that he had never seen before, and he had seen a great many. He thought that it was a red roan; but as it neared him he found out that he was mistaken—it was a large, black Arabian.

The rider was a man of perhaps twenty-five years. His huge frame and muscular arms showed strength. He rode up to Kirkwood and stopped.

"Stranger," he began, "I am looking for work with which to occupy myself and King here, that is my horse, until the big race that we are going to enter. My name is Thomas Norton."

James Kirkwood studied the man's face and found on it a kind expression. He appeared to be the type of man who, although strong, would not take advantage of his strength and become a bully. Being satisfied with the appearance of the young man, the owner of Red Falin gave him work.

The days passed and finally the day of the race arrived. The town was full of people, all eager to get a seat from which they could view the whole race. Some were perched on fences, some on neighboring roofs, while others had climbed to the tops of trees.

The hour set for the race arrived and the horses were all lined up, pawing the ground in their eagerness to start. Their riders, no less eager, were whispering many encouraging words into their horses' ears. At last the pistol cracked and they were off! Once around the track and Red Falin led. Twice, and still Red Falin led. They were going on their third and last time around with Red Falin leading, when suddenly a black streak shot forward and King raced neck to neck with Red Falin. But now Red Falin was leading just by an inch. But again King, the black streak, spurted forward and tied the roan. A word spoken to the former by his master, and the Black Arabian took the lead by a foot. Kirkwood encouraged his horse as fast as he could talk, but all in vain. King reached the goal, winner of the race.

Kirkwood had bet so heavily on his horse

that after paying part of his debts he was forced to sell Red Falin to pay the remainder. The sorrow and indignation which he experienced cannot be adequately expressed.

When Thomas Norton reached the ranch that day he found Kirkwood leaning against the corral, his head bent low in his sorrow.

Thomas strode up to the rancher and lifting his head said, "Father, I have been here two weeks and yet you do not know me."

"My son," cried the father in surprise and astonishment. A second later they were clasped in each others grasp.

"Didn't I tell you," said the son, "that I would get a horse who would equal Red Falin?"

—M. Wright.

A FRIEND

How does it seem to have a friend?
Not the best one in the land,
But one to whom you can tell your woes
And feel that he'll understand.

How does it seem to have a friend,
A friend that is really true blue?
A friend who will at times criticise
And at other times praise you too.

Did you ever have a friend, my friend,
That would sacrifice all for you;
Who would lay down his prize at the point of success
Just to help you to pastures new?

If you haven't a friend like that, my friend,
You should never lie down to rest
'Til you ask the dear God to send you one—
You'll rejoice, for this friend will be best.

—Thela Lewis.

A SUNSET

One of the times that I like best
Is to watch the sun sink in the west.
The bright yellow ball of morning and noon
Changes to orange—then red comes soon.

For one brief instant it rests on the brink
Of the far distant hills before it sinks.
Lovingly casting coquetish glances—
Marshes, hills and peaks it entrances.

Bare stony bluffs reflect the glow
And look proudly down on the lands below;
Then the sun sinks behind the hills,
But the sky with beauty and glory fills.

Banners of purple and streamers of yellow
Melt into pinks, gold tints soft and mellow;
Then slowly even these fade away
And night coming on holds undisputed sway.

—Wilma Clark.

THE SEASONS

Oh Spring, you coaxed the flowers
To lift up their pretty heads,
You dressed the hills and sent the showers
To work in Nature's flower-beds.

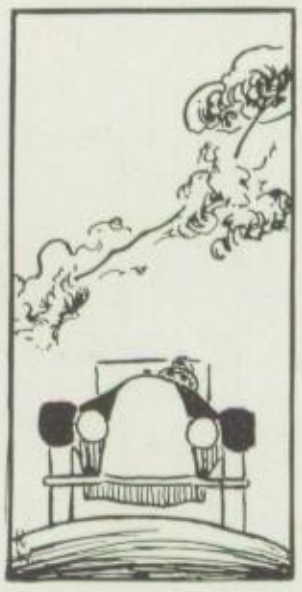
Then Summer pushed you on ahead
And the plants matured and grew,
And all that seemed at one time dead,
Now flourished into view.

The Autumn ripened all the corn
And sent a wild wind down,
The leaves, in beautiful colors adorned,
Were scattered about on the ground.

Then Winter brought the cold and frost
And put a blanket of white o'er the earth,
And the trees tossed their bare arms about as ghosts
Till Spring came to give them new birth.

—Evelyn C. Finstad.

LOCALS



OUR FIRST HOMECOMING

Hurrah! We had our first homecoming last November and we hope we have started something. As the football game with Edgerton was to be one of the most important and difficult games of the season, it was suggested that this be the time of our first homecoming. The time was also opportune because several of our alumni were in town. This suggestion was greeted with enthusiasm and Beatrice Flock's idea for arm bands was gratefully accepted.

Pep Meeting

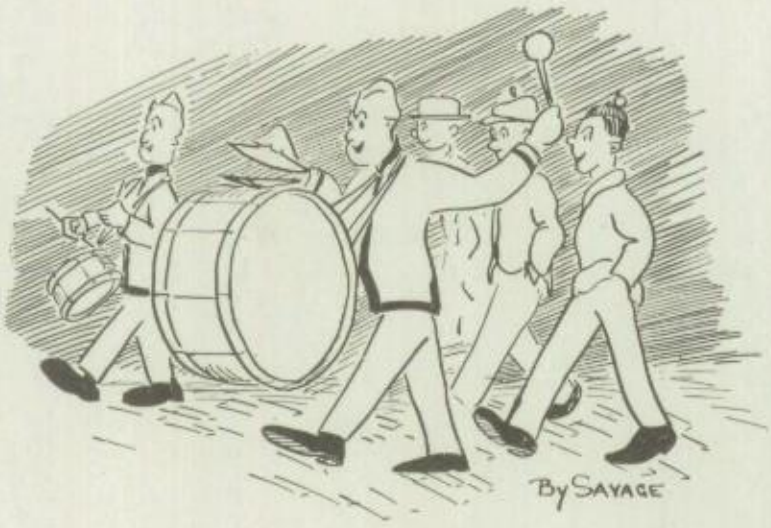
Everyone entered whole heartedly into the spirit of the pep meeting which was held Friday night. The members of both teams and the alumni were present. Mr. McCormick, Mr. Wiley and Mr. Butler gave lively talks. The members of the alumni who were present had been on the team in 1916. They were each called on for a speech from which we learned a great deal about the changes for the better that have taken place in our football records since 1916. At that time the Edgerton team and many others were victorious who are now the conquered.

Mr. Wiley's Surprise

For a long time Mr. Wiley had been promising us a surprise, and at this pep meeting he announced that the surprise was a visit from an old and honored citizen of Galesville. He said that this visitor had been brought here only after a great deal of arguing, but because Mr. Wiley is what one might call "almost a resident" of Galesville he had promised not to disappoint us. He said that his friend had had a dream which he was very anxious for us to hear about.

An old bearded gentleman was ushered in. He was very tall, though slightly stooped, and leaned on a cane for support. Altogether he had the appearance of being a very learned and experienced old gentleman. He told us that he had dreamed about the Edgerton-La Crosse game. After much beating about the bush, he said he couldn't understand why they didn't use their fists to better advantage. At the end the game was in our favor although we were the possessors of several beautiful black eyes.

After he had told us this encouraging news his mask slipped off and we were pleasantly surprised when we recognized our old friend Myron Locke. Kennie Rehfuss led several yells in honor and thanks to Mr. Locke and then announced that there would be a parade the next morning. Everyone joined in the last peppy yell and then went home filled with anticipation for the following day.



Parade

Stunts and yells, yells and stunts, are the best words to use when describing the high school parade. This parade was a good example of our undying spirit to win. The students stopped in front of the La Crosse Hotel and gave the visitors a hearty welcome. Kennie Rehfuss was forced to climb up fire escapes and perform other dangerous and difficult feats in order to be seen well enough to lead the yells.

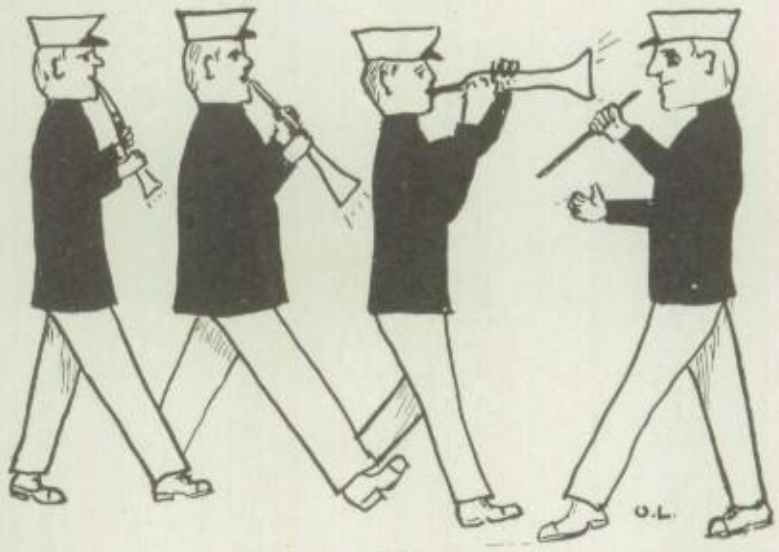
PEP MEETINGS

Bashful

"Knock me down with a feather!" cried Coach Finley when he saw how bashful his team was. No one attempted to comply with his wishes, however, so no damage was done. Our brave team had to be literally dragged to the front and forced to blush, if nothing else, before the amused students. Eddie Frey was the only one brave enough to give an intelligent talk. Mr. Finley recovered from his shock long enough to ask the girls "to please use their gentle voices to better advantage at the games." Jane Orton gave a fitting reply, challenging the boys to a contest. When the boys yelled together and separately the girls proved their superior skill in noise making. Altogether the boys made a very bad showing at that pep meeting. The only thing we can attribute this to is bashfulness.

Pep Speaking

The funniest pep meeting ever held in high school was the one at which we listened to other people pepper things up. Our able scientists installed a radio in the auditorium and Mr. Wiley connected us with Waukesha High. We enjoyed the most radiolike sounds for about an hour and then held a real pep meeting of our own. The ever inquisitive reporter took a good look at the radio set after everyone had left and found that it was a very funny looking contraption at close inspection. The reporter called down a long pipe and was satisfied by hearing Norma Birdsell answer from the lunch room. Now you know the secret of the radio, but promise not to tell anyone else!



BAND

Red means danger to most people, but to us it means everything nice. It suggests mixers, football, basketball and most of all, wonderful music. When we see red at school it means here comes the band and we are always sure of a good time when our musicians are around.

WHO'S NEXT?

As Miss Hayes would say, "this is the calamity column." No, not cabbages and kings, but marriage—matrimony in fact. Cupid had done his stuff very creditably this year. Mr. Stahl and even our cave man, Mr. Saenger, have—shall we say ful-

filled Micky Mac's aim in life? Miss Hedderich has also been matrimonified. Now we wonder who is next?

ASSEMBLIES

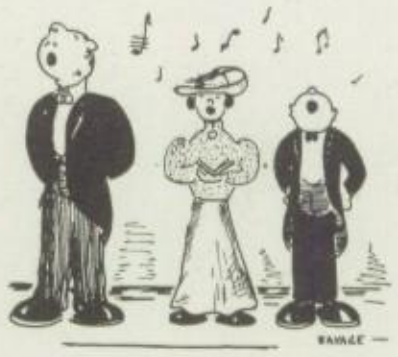
We have been particularly fortunate this past year in having as speakers in our assemblies men of exceptional ability. We have also had several musical programs. The interest shown by the students manifests their appreciation.

Armistice Day

The American Legion conducted the assemblies Armistice Day, Mr. Harry Leithold acted as chairman. After our enthusiasm and patriotism had been re-awakened by singing America, Reverend Braa gave the invocation. Attorney Schubert inspired us with a talk on loyalty to our country. At eleven o'clock all work ceased for one minute in commemoration of our gold star soldiers.

Success

In the assembly of January 23 Mr. J. A. Puffer emphasized "hard work" as being the foundation of success. The great increase in the number in the reading room shows that his talk was well received.



Choir Rehearsal

During the assemblies on January 30 the Masquers and Falstaff Dramatic Societies presented a comedy called "Choir Rehearsal." The farce was screamingly funny. We enjoyed such rare singing as is seldom heard on or off the stage.

Health

On February 6 we were honored by having Dr. V. A. Gudex, Deputy Commissioner of the Wisconsin State Board of Health, talk in our assemblies. If we follow his advice the community will enjoy better health.

Junior Ex

Demosthenes was put in the background by the orators of the Junior Ex. We had visions of them as our future statesmen and stateswomen as we listened, entranced, to their wonderful orations. Those who took part were:

Gladys Peek—First.
Agnes Saley—Second.
Helen Jensen.
Rosella Voss.
Stella Ottum—First.
Florence Marking—Second.
Winifred Drake.
Alice Ferguson.
Edward Bates—First.
Walter Wiebke—First.
Joseph Losey—Second.
Halfdan Forseth.
Martin Deters—First.
Harold Isenman—First.
Bernard Ritter—Second.
Virgil Arnesan.

Red Head

A redheaded Lincoln! Who ever heard of such a thing! It is all too true, the Lincoln-Douglas Debating Society tried to impress us with this unbelievable fact. After all, though, it doesn't make so very much difference about the color of the hair if there is real value under it, does it?

W. P. D. S.

Washington, the man, the soldier, the father, was shown to us to best advantage by the slides presented by the Wendell Phillips Debating Society on that brave patriot's birthday. We were shown our ideal in every phase of his life. We felt proud and elated to think that we could claim such a man as father of our country —but, as we all marched solemnly out of the auditorium a clear voice drawled above the general tumult, "Why don't they ever show his mustache in any of his pictures?" We have often wondered what inspired Perky!

Booster

"Boost a Booster by buying a Booster," was the slogan for Booster Week. The campaign started with a flourish in assembly when several of our ablest orators talked on this pleasant subject. Other subjects were not entirely forgotten in the enthusiasm of the speakers. They mentioned our "dear teachers" several times.

All week Boosters were sold in all the halls. Everyone received a darling little green tag on receipt of an order. These were the only protection the students had to keep them from another onslaught of the enterprising salesmen.

Music's Charm

Miss Stella Trane, who was one of us not so very long ago, gave us an hour of romance in the music of all nations March 26. Her efforts were greatly appreciated by the students. In both assemblies the song about "a dainty little demoiselle" was the favorite. We have also been entertained several times by Alois Miller.

"1924 the Best"

"1924 the best" was the motto of this year's exhibition workers, and in every sense of the word the motto was carried out. Mr. Falconer as chairman, and his committee made the exposition a real success.

Hundreds of people attended the big show and all remarked on the extensive and artistic display. Wholesome school spirit was evident on every hand. We should plan for another worthwhile exhibition and work for "the best" as again it nears reality.

Student standards help make an exhibition what it is. By producing neat papers on which the result of hard conscientious work is to be found, and on the whole by doing our best we are helping put La Crosse High School on the map. Let's have another good exhibition next year, students interest—100 per cent.

PARTIES

Mixers

"My! my! O my! What is the world coming to," cried Irmadel. "I almost forgot to go to the mixer last night!" Other people beside Irmadel have been shocked almost to pieces this year. No, not Miss Heideman this time, but the chaperons. Ten students actually spoke to the chaperons at one mixer. Of course we have to own up that this is a record breaker.

Social Hours

Social Hour should be called dancing school. Everyone has ample opportunity

to learn here. The only drawback is that when you get well enough advanced to try some intricate step you get stepped on by the "surging multitude," quoting Miss Mashek. The only finished product so far is Toots Helmo.

Girls' Party

Miss Heideman's treat proved to be almost more than a treat, the girls enjoyed themselves so much at her party this year. The teachers' stunt was the biggest feature of the evening. They introduced us to some real opera. Marie Appleby sang a beautiful solo which added a great deal to the success of the entertainment. Several of our danseuses also performed.

Teachers' Play

Whoopee! "Ain't we got fun?" A holiday for our dear beloved teachers. They all join hands to skip away to a picnic. Where do they go? Well, up the river in Mr. Saenger's motor shell, or to the "Agie" school, or maybe even to Mr. Wiley's farm; and here they enjoy a picnic, in fact, picnics. The food, we are told, was fit for a king, though it never varies from the potato salad, ham, hard boiled eggs, pickles and even a little cheese. You know, with a class in economics and one for good cooking we fear the never changing food has been a sad mistake, but—to blame this outcome to some reasonable cause we might even say that the steady grind of daily routine our teachers must undergo makes it impossible to get away from such demeanor even on a picnic.

Of course, there is one good thing about it all. Teacher can throw off that lumbersome coat of formality—why, it has been rumored that they even play baseball.

We're glad you enjoyed yourselves—we hope you did—dear teachers.

PLAYS

Green Stockings

Poor big sister, it is an awful life, isn't it? Green stockings once, twice, three times—no, not the fourth time. Celia decided to beat them to it and she did. Many ridiculous and embarrassing situations came up during the play, but after much trouble for poor Celia all ended well so that we can class this with the good plays.

Plymouth Rock

The operetta given by the glee club, November 27, deserves credit. It was altogether a very pretty affair. The costumes were wonderful; the hero and heroine of this historical romance proved themselves very good singers for their size.

Merry Christmas

The Christma s play, "The Prince of Peace," was presented by Mrs. Whelpley's classes, Miss Mashek's English 8 class, and Mr. Thomas. All of our noted singers took part in the play. Mr. Thomas read the story of the first Christmas while the play was given in pantomine.

Miss Somebody Else

Who was she? Where did she come from? Miss Somebody Else was a total mystery. The villain, for of course it wouldn't be a real play without a villain, was very desperate. He continually curled his moustachios in a most blood-curdling manner. A pistol was actually shot, but no harm was done.

GIRLS' LEAGUE

The Girls' League of the High School is an organization composed of all the girls enrolled as students. Its object is to develop through the activities of the girls the ideals of true womanhood: physical perfection, the moral qualities of courage, purity, and reverence, and courtesy of speech and manners. Its work shall be to establish a spirit of co-operation for a finer, happier, more helpful school life in which each girl desires richer gain for herself, but does not forget her individual responsibility to her schoolmates, her school, and her community.

The first meeting for the installation of its officers was held in the Auditorium. All of the girls of the school were assembled with Miss Heideman, the Girls' Adviser, presiding. The meeting was opened by the entire group singing, "Here's a Cheer" and "The School Toast." The singing was led by Mrs. Whelpley.

Miss Heideman then introduced Miss Mashek who spoke on "The Ideal Girl and Her Ideals." She gave to the girl the qualities of honesty, obedience, responsibility, loyalty, and the ideals of good fellowship and unselfish service. The talk was followed by the installation of the officers.

The Girls' Adviser administered the pledge to Thelma Smith, the president-elect, and gave her the hand clasp. After this ceremony, the president took the chair and administered the pledge and gave the clasp to the other officers: Vice-president, Marcella Mahoney; Secretary, Mildred Evans; Treasurer, Kathryn Maloney.

Jane Ackerman then gave a delightful piano solo.

Following this the president gave a short talk on the purpose of the League. In her talk she stressed the ideals of the girls. She said the co-operation of every girl is needed for success, and that each girl must assume her share of the responsibility. This talk was followed by a brief speech by each one of the department heads. Phyllis Bentley made clear the meaning of Civic activities and emphasized school duties. Stella Ottum spoke on Social Service and showed how, through the League, standards could be set for the girls, the community work could be supported, and how the lonely girl and the new girl cordially welcomed. Jeanette Garland elucidated the doctrine of true hospitality and Posy Edwards told how the Personal Efficiency department hoped to interest the girls in outdoor sports and healthy living so that the girls might have 100 per cent attendance and never a pink slip.

The meeting was closed by the League song, led by the Girls' Glee Club, directed by Mrs. Whelpley. The words of this song were written by Ruth Kumm.

Leland—"To me love is an endless song of devotion."

Ardis—"Yes, but Leland dear, you can't sing."

An astronomer is a man who looks at the moon when he is not in love. A lover is a man who looks at the moon when he is not an astronomer.

Mother: "Johnny, don't run so fast around the house. You'll fall and hurt yourself."

Johnny: "If I don't run so fast it'll hurt anyway. Dad's chasing me."

"Look, papa, Abie's cold is cured and we still got left a box of cough drops."

"Oo, vot extravagance. Tell Herman to go out and get his feet wet."

Mary H.—I wish to ask you a question concerning tragedy.

Miss Murley—Well?

Mary—What is my grade?

Charles Jagow: "And how did you say you became a great orator?"

Kermit Engebretson: "My boy, I began by addressing envelopes."

Frosh: "Let's eat."

Soph: "Where'll we eat?"

Frosh: "Let's eat up the street."

Soph: "No, thanks. Don't care for asphalt."

A speedster's tombstone reads:

Here lies William Brown—
He saw the train,
And tried to duck it;
He kicked the gas,
And then the bucket.

When can I see you again, Jane?

I'm rather busy this week—Jack has asked me for Monday, George is coming Tuesday, I promised Paul Wednesday, Tom always has Thursday, and Saturday is Bill's night.

How about Friday?

Friday? Let me see (pause). That's fish day, isn't it? I should be awfully glad to see you, Buck.

Mary had a little lamb,
She loved it very deep.
It followed Mary all around,
And died from lack of sleep.

Mary had a little lamb,
She called the thing George White.
Mary bought a rolling-pin,
And Georgie died of fright.

I don't like my prof. at all;
In fact I think he's punk.
He sharpened his pencil with my knife
To mark me down a flunk.

Norma—Your new overcoat is rather loud.

Russel Huber—It's all right when I put on a muffler.

Doc Finley (after ringing bell in Madison hotel for about twenty minutes is just answered by the bell hop).

Bell Hop—Did you ring, sir?

Doc F.—No, I was just tolling, I thought you were dead.

Margaret: Well, I won't make up.

You can never hear a bee complain,
nor hear it weep or wail;
But if it wish it can unfold
A very painful tail.

Dot Murrie—It was very good of you to ask me to this dance.
Duke—Don't mention it; it's a charity ball.

"What does it mean to reach the 'age of discretion'?"
"It means you're too young to die and too old to have any fun."

Inquisitive

Stranger—"Have you lived here all your life, my little boy?"
Ozie Lien—"No, sir, not yet!"

Ardis Elston: "Has my mail come yet?"
Mother: "Ardis, you must stop using that terrible slang!"

Miss Hayes—Name something in which supply exceeds demand.
B. Birnbaum—Trouble.

Prof—"Who was the greatest inventor?"
Stude—"An Irishman named Pat. Pending."

Bill Boma—"You ought to be an aviator."
A. Skaff—"Why?"
B. B.—"Because you're no good on earth."

Old King Tut was a radio nut,
A radio nut they say.
He called for his set but all he could get
Was, "Yes, we have no bananas today."

Then old King Tut, the radio nut,
Oh very mad was he.
He said, "I'll get Chicago yet
If it takes till half past three."

So he turned the dials and waited awhile;
The clock showed half past three.
The static and squawks were coming fine,
But as for the music it died on the way.

The Wiley robber cursed his luck,
"My car, it Stahls," he said.
"I've robbed the Smith, they're on my trail,
And I must find a bed."

He knocked, a Saenger grand appeared.
"Hush, make no noise," she cried.
"She Shields me!" thought the robber chief.
"And luck is mine," he sighed.

She led him down the steep stone stairs,
"Watch for the Pitt, man, do,

Clerk—"What number?"
Boy—"Do I look like a centipede? Two!"

Sweet young thing (coming in with attentive partner from room where a hard bridge match has been in progress)—"Oh mother, I've just captured the booby."

Mother—"Well, well!" Come here and kiss me, both of you."

"What is that which pervades all space," she said, "Which no wall or door or other substance can shut out?"

No one had an answer but Toni Schiapacasse.

"The smell of garlic," he said.

Joe M.—"Why don't you attend our church?"

Kenny—"Because we belong to a different abomination."

Louise—"How long did it take you to learn to skate?"

Miss Schwandt—"Oh, about a dozen sittings."

Student (in lunch room)—"This coffee tastes like mud."

Cook—"Well, it was ground this morning."

You are right said the left shoe to its mate.

"Music hath charms."—ask Mr. Kline.

Notice—Will the person who handed in Joe Abraham's picture to the Boostet please call for it and avoid further trouble?

Lives of seniors all remind us,
We should strive to do our best,
And departing leave behind us,
Notebooks that will help the rest.

Mr. McCormick—Have you any ideals, my son?

Bob—You should see them dad, they're peaches.

Boy walking down the street looks into a hardware store window and reads this sign under an aluminum kettle:

THIS SIZE FOR ONE DOLLAR

"So do I" he groaned and walked on.

"Ford to run for president" says a headline. That's more than they sometimes will do for the rest of us.

George White—Last night I dreamed I was married to the most beautiful girl in the world.

Mary F.—Oh, George, were we happy?

He—"You look sweet enough to eat!"
She—"I do eat, where shall we go?"

The cleverest man is Mr. Hough,
You may think you're getting by
With an easy excuse, and many a bluff
But later you'll wonder and sigh

"Where is the girl whose picture used to stand in your desk?"

"Oh! I've got the original now."

Voice over the telephone at a dry goods store—"Have you any flesh colored stockings?"

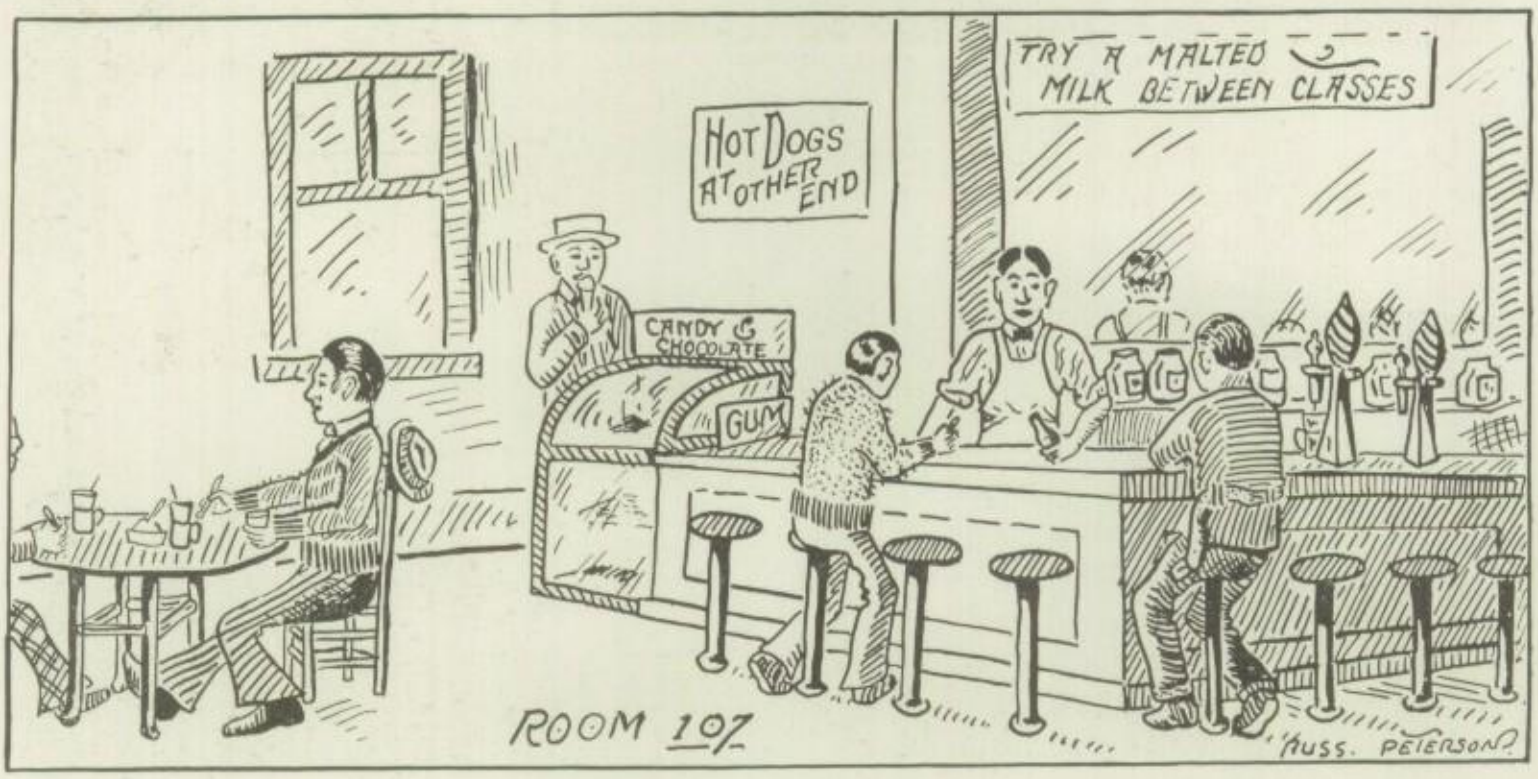
Clerk—"Pink, yellow or black?"

Miss Pierce—Give me the number of tons of coal consumed in the United States for one year and give the year.

George Larson—None. 1492.

Papa—"When I was a young man it was no uncommon thing for a youngster to start in as a clerk and in a few years own the business."

Bob McC—"Yes, I know, but that was before cash registers were invented."



As the boys would like it.

He—Massachusetts made Coolidge.
She—That's nothing. Our state makes a Bonar Law every day.

Thomas—"Rau, give me the answer to the next question."
Rau—"Shall I read it as I have it on my paper?"
Thomas—"No, give it right."

Joe Holley, speaking to cashier in restaurant—"Young lady, do you feed gentlemen here?"
Young lady—"Yes, but we don't fill silos."

The more truth an error has in it the more dangerous it is.

Freshie, in swimming class—"Oh, Mr. Finley I just swallowed some water—do you mind?"

A statistician claims that fifty per cent of the people who go into banks go in to fill their fountain pens.

B. Morris—How did you like the girl I dug up for you?
A. Skaff—As far as I am concerned, you can bury her again.

"Shall I brain him?" cried the senior, and the victim's courage fled.
"No, you cannot, he's a freshman, so just hit him on the head."

L. Miller—"How can you tell oxygen from nitrogen?"
Wm. Burgess—"Take a whiff of one, if you live it's oxygen; if you don't, it's nitrogen."

"In the spring a young man's fancy"
This applies to Gordon Kerr
Always busy day and night
Looking for some pretty "her."

Little Eva was an actress
In the play, Old Uncle Tom
We have "Little Eva" Murley
But she's a very nice school "Mom."

Miss Kelly is Irish, her name tells us that
And they say that her temper is too
But we know at the right time she'll surely
stand pat
To La Crosse, remain ever true blue.

Miss Heideman gets very cross
When girls all start to skip
But all the kids (excuse the slang)
Sure think she is a "pip."

Miss Frost is usually very nice
But, sometimes very cross
Just how to take her now and then
Sure puts us at a loss.

Paul Loftus—Say if a newspaperman has cold hands and feet whom should he consult?
Reporter—Circulation manager.

Teacher—"What is a geyser?"
J. Rooney—"A waterfall up-side-down."

Meouw!!!

"I'm going to buy a revolver."
"Six-shooter?"
"No, nine. I want to kill a cat."

E. Weisbecker, chairman, calling on Cyril Flock in English V—"Cereal, please give your topic."

Labor

"Why, Bill, you look exhausted, anything wrong?"

"Naw, just got through heaving a sigh."

Porter—Did you all forget something, sah!

Huber—No sir, my mamma said I should leave my mustache on.

Mr. Anderson in History II class—"Juliana Smith, compare the life of the Romans in ancient time to the life of Americans of today."

J. S.—"The men used to tell the women what to do and now the women tell the men what to do."

Mr. Anderson (speaking from experience)—"Yes, I'll say they do."

The Latin Class

Miss Shields, to one of two aspiring young freshmen pugilists—"If you like to fight, let's see if you can give us the Latin verb to fight."

Freshman with perplexed air—"Fighto-scrappere-soaki-bongus."

Miss Shields—"Faito-failure-flunki-suspendus, for you."

Herbert Morelli trying to locate a joke not more than ten years old.

Caller—"What a cute little baby! What is he saying?"

Mr. Thomas—"I don't know. His mother carries the code book."

M. F.—"My mother saw my newly wedded aunt down town the other day and she kissed her in the middle of the street.

F. L.—"Why, that's a funny place to kiss her. I'd kiss her on the cheek."

Don McDonough—"I got a swell job digging ditches."

A. Townsend—"Swell?"

D. M.—"Yeh, I can always take my pick."

Mr. Cahoon to Joe Abraham—"What is density?"

J. A.—"I can't define it, but I can give an illustration."

Mr. Cahoon—"The illustration is good, sit down."

Lunch Room Gossip

Diner (trying to cut his steak)—"Say, waiter, how was this steak cooked?"

Waiter—"Smothered in onions, sir."

Diner—"Well, it died hard."

John Ferguson—"I came back to school."

Miss Batty—"What decided you to do that?"

John—"My father."

Mr. Falconer in Geometry—"Oswald do you know what your chances of passing are?"

Oswald Lien—"No sir, what are they?"

Mr. Falconer—"Just what your last name spells."

I'm sure you'll like these jingles
You'll like them very well
But if they don't attract you—
They'll surely never sell.

Have you ever been down to Miss Schwant's room
Where all the pictures are?
I'm sure you'll find them interesting
There are scenes from near and far—
Some prints from France and Italy
A painting of the Seine,—
But—sweeping out that room at night,
Gives the janitor a pain.

It's the time of the year when the Dean is cross,
When teachers don't have much to say,
The office is rushed straightening absences out,
More pink slips are issued each day.

Mr. Kline is always here,
Find him any time of year,—
Spring and summer, winter, fall,
Teaching math, and flunking all (????)

Around the Town

Butcher—"These are the best sausages we have had for a year."

Customer—"Let me see some you've only had for about six months."

G. Kerr—"There are an awful lot of girls who don't want to get married."

J. Holley—"How do you know?"

G. Kerr—"I have asked them."

Maybe Summer

Fall had come and spring had gone,
And ice was over all;
I tried to run and make a spring,
Instead I took a fall.

In our class, we have a boy,
His name is "Harry Cohen."
He sleeps with content, and is full of joy,
But he is not alone.

Miss Frost, doing what is right,
Says, "Harry, can't you keep awake?
Cet to bed earlier at night.'
But he says, "I got a headache."

There was a boy named Holley,
And he always felt very jolly.
He would jump up and down
And then he would frown.
He was always committing some folly.

Falconer teaches mathematics,
And he surely is very democratic.
His students never shirk
But always do their work,
For Harry is very emphatic.

'Twas a teacher most excited,
Who unto her classes recited
As about the room she walked,
Now, I want this stopping talked.

There is a teacher—Taylor,
Who has never given a failure.
Soon we'll lose her I fear,
For she is engaged, I hear.
Here's wishing she 'll be happy
And to her husband not be snappy.

La Crosse High is a dandy school.
You can learn to obey as well as to rule,
When you graduate and are gone from here
You'll be sure to come back year after year
Just to be able to gaze and see
What La Crosse High has come to be.

There is a teacher—Smithy.
She isn't the least snippy.
She gives the passing marks
And thinks her pupils are all sharks.
